- \*Office Supplies
- \*Private Mail Boxes

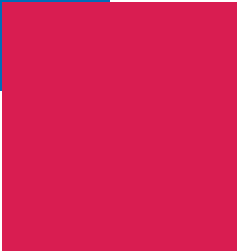

## For all your business solutions, contact PostNet.

We can design letterhead, business cards, stationery, signs and banners, advertising mail pieces, announcements and invitations and more.

For finished products, PostNet can cut, fold, staple, bind, laminate or whatever else is needed for professional presentations.

For scanning, PostNet can accommodate anything from a small logo to a 40-inch engineer drawing.

## SHIPPING

PostNet has the area's largest selection of shipping options as authorized shippers for UPS, FedEx, DHL and the United States Postal Service. We will work with you to determine the best value for your needs -- both national and international.

We at PostNet also handle bulk mailings. We can use your mailing list or acquire one for you. We will print the names and addresses directly on the mail pieces or on separate adhesive labels. We handle the paperwork with the U.S. Post Office and figure out the best rates -- and, of course, we'll mail it for you!
